VOLUME CVIII.—NO. 271 ALEXANDRIA, VA., THURSDAY EVENING, NOVEMBER 14, 1907. PRICE 2 CENTS

A Woman's Back

Has many aches and pains caused by weaknesses and falling, or other displacement, of the pelvic organs. Other symptoms of female weakness are frequent headache, dizziness, imaginary specks or dark spots floating before the eyes, gnawing sensation in stomach, dragging or bearing down in lower abdominal or pelvic region, disagreeable drains from pelvic organs, faint spells with general weakness.

If any considerable number of the above symptoms are present there is no remedy that will give quicker relief or a more permanent cure than Dr. Pierce's Favorite Prescription. It has a record of over forty years of cures. It is the most potent invigorating tonic and strengthening nervine known to medical science. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful, or habit-forming drugs. Its ingredients are all printed on the bottle-wrapper and attested under oath as correct.

Every ingredient entering into "Favorite Prescription" has the written endorsement of the most eminent medical writers of all the several schools of practice—more valuable than any amount of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsements given to any other medicine extant for the cure of woman's ills.

You cannot afford to accept any medicine of unknown composition as a substitute for this well proven remedy OF KNOWN COMPOSITION, even though the dealer may make a little more profit thereby. *Your* interest in regaining health is paramount to any selfish interest *of his* and it is an insult to your intelligence for him to try to palm off upon you a substitute. You know what you want and it is his business to supply the article called for.

Dr. Pierce's Pleasant Pellets are the original "Little Liver Pills" first put up by old Dr. Pierce over forty years ago, much imitated but never equaled. Little sugar-coated granules—easy to take as candy.

Weak Kidneys

Weak Kidneys, surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Brights or other distressing or dangerous kidney disease, try Dr Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell

VIGILANCE COMMITTEE.

The criminal assault on Miss Conners Saturday night and the number of robberies and other crimes that have occurred in the vicinity of Church Hill, Richmond, almost nightly, has caused the citizens of that vicinity to call a meeting to take steps to protect their homes and their women folk. For several weeks there have been robberies almost nightly, the perpetrators of the outrages getting away in the majority of cases. Women have been frightened almost to death by negro men. A young girl was sandbagged two weeks ago almost within sight of her home.

The men of Church Hill have decided that the time has come for cleaning out the gang. It is determined that the actions of the negroes and irresponsible whites shall be regulated. It is said that there will be work for at least 50 men each night in the week. One tour of duty a week will be expected. The patrolling of the hill will be done systematically. It is now considered unsafe for persons to be on the streets after dark. More than 100 men have volunteered their services.

Governor Swanson has offered a reward of $100 for the arrest and conviction of the men who assaulted Miss Conners. The city Monday offered a reward. The officers are doing all in their power to capture the men. One arrest has been made.

STORK IN TROLLEY CAR.

The progress of a Gates avenue trolly car down town in Brooklyn was halted for a short time yesterday by the stork and the consequent addition of a baby boy to the list of passengers.

The mother was Mrs Hermenia Knapp, who had just been in the Gates avenue police court where her husband, a private in the Thirteenth Regiment, heavy artillery, had been arraigned on her complaint for abandonment. When the case was called Mrs. Knapp wanted to withdraw the complaint, but Magistrate Furlong decided to hold the husband for examination and sent him to jail.

The magistrate placed Mrs. Knapp in charge of Mrs. Tilgen, the probationary officer, with instruction to take her at once to the Cumberland street hospital, for she had been dispossessed of her home on Saturday. They had been in the trolly car only a few minutes when the stork arrived. An ambulance promptly conveyed the mother, baby, and probationary officer to the hospital.

THE NEW "AFFINITY" COCKTAIL.

There's another new cocktail on Broadway. They call it the Affinity. After drinking one, surviving experimenters declare, the horizon takes on a roseate hue; the second brings Wall street to the front and center proffering to you a quantity of glistening lamb shearings; when you're put away the third the green grass grows up all around, birds sing in the fig trees and your affinity appears. The new ambrosia contain these ingredients: One medium teaspoonful of powdered sugar, one dash of orange bitters, one jigger of Scotch whiskey and a half jigger of Italian vermouth. These are shaken in cracked ice, cocktail fashion, until thoroughly blended and cooled, then strained and quickly served.—[New York Son.

A Hard Debt to Pay

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by all druggist. 50c and $1.00. Trial bottle free.

The New Globe prints that Archbishop Ireland, with the President's consent, is booming George B. Cortelyou for the republican nomination. It is said that the President now realizes that Taft can not be nominated and that Cortelyou would be more of a "cuckoo" than Taft would be.

A tickling cough, from any cause, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe, that Dr Shoop tells mothers everywhere to give it with no hesitation even to very young babies. The wholesome green leaves and tender stems of a lung-healing mountainous shrub, furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sore and sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Simply a famous plant extract, that helps to heal aching lungs. The Spaniards call this shrub which the Doctor uses, "The Sacred Herb." Demand Dr. Shoop's. Take no other. Sold by E. S. Leadbeater & Sons.

DRUGGED BY CHINAMAN.

A victim of the ensnaring drug habit—a habit of which to cure Chinamen she turned missionary—is the sad plight of Mrs. W. L. Reese, thirty years old, a rich and pretty settlement worker, of Altoona, Pa., who is under arrest in Pittsburg. She was arrested while walking arm in arm on a prominent street with an Americanized Chinaman.

Mrs. Reese told the police that her Chinese companion, Al Sing Dean, from New York, drugged her and took her to Pittsburg, and also that he is back of a proposed raid upon Pittsburg by the notorious Hip Sing Tong, a Chinese Highbinder association.

Mrs. Reese says she first met Dean when he volunteered to act as interpretor for her Chinese Sunday school, in the First Lutheran Church, Altoona. She charges that Dean induced her to eat a candy-like crystal Tuesday, and that everything he then asked her to do seemed the right thing, whereupon he induced her to board a train and abducted her to Pittsburg.

Her husband, said to be a member of a large boilermaking establishment in Altoona, where the family had a palatial home, is on his way to Pittsburg.

LINGERING COLD.

Withstood Other Treatment But Quickly Cured by Chamberlain's Cough Remedy.

"Last winter I caught a very severe cold which lingered for weeks," says J. Urquhart, of Zephyr, Ontario. "My cough was very dry and harsh. The local dealer recommended Chamberlain's Cough Remedy and guaranteed it, so I gave it a trial. One small bottle of it cured me. I believe Chamberlain's Cough Remedy to be the best I have ever used." This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co.

Ely's Cream Balm has been tried and no found wanting in thousands of homes all over the country. It has won a place in the family medicine closet among the reliable household remedies, where it is kept at hand for use in treating cold in the head just as soon as some member of the household begins the preliminary sneezing or snuffling. It gives immediate relief and a day or two's treatment will put a stop to a cold which might, if not checked, become chronic and run into a bad case of catarrh.

AND VIRGINIA ADVERTISER

THURSDAY EVENING, NOV. 14, 1907.

THERE seems to be inconsistency on the part of many well-meaning people who head reform movements and call upon the authorities to enforce existing laws or to make new ones. Representatives of this class seem ready at times to condone grave offenses. Special prayers and a resolution of sympathy and esteem were offered by the congregation of the Methodist Episcopal Union Church, Philadelphia, last Sunday, for Andrew Jackson Detsch, jr., who is in jail awaiting the action of the grand jury for killing Harry Ferree. Unanimously the congregation adopted the resolution, prepared by the combined official boards of the church. Detsch was mentioned several times at the services Sunday, and part of the pastor's sermon was devoted to the Detsch case. The congregation applauded the resolution loudly. This calls to mind an instance that occurred in this city four years ago when several young men were arraigned before the court charged with felony. The sympathy of a number of church people was secured and it was said at the time that prayers were offered in the court house for a miscarriage of justice just before the judge took his seat on the bench. The evidence against the accused was positive, but the jury brought in a verdict of not guilty.

A NOVEL scene was enacted in the Police Court of Passaic, N. J., a few days ago when a youth named Clarence Haigh was arraigned charged with abducting Sadie Nugent. "She made love to me," said the youth; she called me on the telephone and saw me whenever she could. She suggested that we run away to New York." "He teased me to run away," put in the girl, looking at the youth with fine scorn. "It was all his fault." The young man and young woman were turned over to their parents.

PROPRIETORS of boarding houses who are entertaining chronic grumblers should take warning from a recent occurrence in Washington, Pa. John J. Evans was arraigned in that city Tuesday charged with shooting Charles Goodwin. Evans stated that he boarded at Goodwin's establishment, where the "grub" was so poor that he was slowly starving. He remonstrated with Goodwin, he says, and was told that the food was good enough. "I was forced to shoot him then," said Evans, "or starve to death."

IN THE argument before Judge Hough in the U. S. Court, in New York yesterday as to the right of the Interstate Commerce Commission to probe the stock deals of E. H. Harriman, Attorney Milburn, of Harriman's counsel, denied the commission had authority to probe the question and retorted: "What are you going to do about it?" An echo answers "what?"

ACCORDING to Prof. Edward C. Pickering, of the Harvard Observatory, terrestrial conditions will be disturbed today. He says: "If an earthquake should occur on the 14th instant I should not be surprised. I should be surprised if magnetic disturbances did not attend the sun spots that will be manifest soon." The professor, however, says the shocks will not be dangerous.

MERCURY crossed the face of the sun between 7 and 9 o'clock this morning. It was invisible to the naked eye or through smoked glass, and those who witnessed the transit through telescopes saw an orb which appeared as a chinquapin to a railroad round house as it passed across the face of the day god. The next transit will be in 1914.

U. D. C.

The fourteenth annual convention of the United Daughters of the Confederacy began yesterday for a session of four days, with an attendance of several hundred delegates including representatives from every State that formed the Confederacy, and many from other States—north, east and west.

The convention was called to order in the auditorium on the Jamestown Exposition grounds by the president-general, Mrs. Lizzie George Anderson, of Gulfport, Miss., who made the response in the name of the convention to addresses of welcome by Exposition President Tucker in behalf of the management of the Jamestown Exposition; Rear-Admiral Harrington, United States navy; Mrs. James Y. Leigh, of Norfolk, president of the Hostess Chapter, and Mrs. William B. McKenney, of Petersburg, president of the Virginia division, United Daughters of the Confederacy.

The afternoon feature was a reception at Beauvoir, a replica of the Mississippi home of Jefferson Davis, erected on the exposition grounds by the Daughters of the Confederacy.

Among the most important matters to be considered at the present session is a revision of the constitution and by-laws, with a change in the time of holding the annual meetings from November to October.

The Presbyterian Brotherhood, whose national convention is in session in Cincinnati, today adopted a resolution calling upon the President to order restored on all United States coins the motto "In God We Trust."

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Nov. 14.

William Loeb, jr., has declined the proffered presidency of the Washington Railway and Electric Company which means that Theodore Roosevelt has decided to run once more for the presidency of the United States. This is the latest "hunch" in the national political game. Some months ago when Loeb was offered the position referred to, he intimated that he would accept it about the first of the year. Now he states, he prefers to remain with President Roosevelt.

The Central American peace conference, which is expected to effect the important result of making wars between the five Republics in that part of the world impossible in the future, began its sessions this afternoon at the Bureau of American Republic.

President Roosevelt and Postmaster General Meyer had a conference today over the postal saving bank question and when the latter emerged from the executive office he expressed the hope that the plan would be made into law by Congress this winter. The Postmaster General also spoke very hopefully to the parcels post proposition.

Attorney General Bonaparte this afternoon announced that Josiah A. Van Orsdel, of Wyoming, had been selected for the associate justiceship of the Court of Appeals of the District of Columbia, to succeed Justice McComas deceased.

A tax on the depositors of banks to be devoted to the establishment of a fund for the protection of depositors is the plan suggested by Representative Osmpbell, of Kansas who was a White House caller today.

From sunrise to about 8:45 a. m. four astronomers at the weather observatory, witnessed the transit of mercury across the sun and are now making data to show how the transit compares with others. About a dozen photographs of the transit were taken.

States Attorney Healy's attention has been called to a move inaugurated in Chicago to day, which it is charged, may have something to do with the increases of from 25 to 50 cents a ton in coal.

VIRGINIA BAPTISTS.

Yesterday's second day's session of the General Baptist Association of Virginia, which convened in Danville Tuesday night, was largely attended. Three meetings were held yesterday and last night. The morning session was called to order by Prof. J. T. Henderson, the newly elected moderator. B. A. Jacobs, of Richmond, treasurer, submitted his annual report, which showed an expenditure of $55,830 by the Foreign Mission Board, $32,283 by the State Mission Board and $22,220 for the orphanage

T. H. Ellett, of Richmond, spoke in appreciation of the gifts for the Baptist Orphanage, at Salem. The report of the committee on co-operation was read by B. A. Jacobs, and the suggestion that $175,000 be raised for education was adopted. Dr. J. M. Pilcher, secretary of the State Sunday School Bible Board, submitted his annual report, and the matter of holding a State Sunday school convention was referred to a special committee. Rev. E. L. Grace, of Richmond, presented the resolutions adopted by the pastors' conference of that city, suggesting that a committee be appointed to consider the holding of a Baptist encampment in Virginia next year. The committee was appointed.

Hatcher, of Richmond, presented the report of the Baptist Orphanage of Virginia in the absence of Superintendent C. L. Corbett. John Broaddus, of Berryville, spoke of the educational work of the Baptists in Virginia.

FEDERATION OF LABOR.

Resolutions on important matters continued to be offered in the convention of the Federation of Labor at Norfolk yesterday. One asks Congress to exclude Japanese laborers, not only from the United States, but from all insular possessions of the country. Another asks Congress to prevent the Hill and Harriman railroads from putting into effect the proposed freight rates on forest products, and still another asks the national lawmaking body to create a national peace fund by appropriating $1 toward it for every $1,000 spent for military purposes. Another resolution has for its object the returning of the Federation to the old policy of arbitration in the matter of disputes between unions, the unions to determine their own disputes without possibility of losing identity with the Federation. This is an effort to settle the trouble with its brewery workers.

Resolutions were offered calling for federal aid to prevent proposed reciprocity between the lumber interests of the United States and shingle interests of Canada, which, it is declared, would bring white and Asiatic labor into competition, with disastrous results to the former.

Fixing the salaries of the national officers as follows: president, $8,600; secretary, $3,000; treasurer, $300.

The convention received and referred to a committee a resolution which outlined the fight now being waged between the Manufacturers' Association and the Federation, which grew out of the temporary injunction secured by the manufacturers and directed against the unfair list of the Federation. The resolution alleges that the manufactures are making the fight "in an effort to disrupt the labor organizations of the country," and also provides for a "campaign of education" against the manufacturers through all central bodies allied with the federation.

School Building Wrecked.

Philadelphia, Pa, Nov. 14.—Workmen, dissatisfied with the employment of non-union men, are believed to be at the bottom of the plot to destroy the new $200,000 school building at Green and Carpenter streets, which was wrecked by a terrific explosion of dynamite early today. Three bombs were exploded, shattering the walls and completely tearing out the lower floors. The force of the explosion was so intense that windows of houses in the vicinity were shattered, residents of the exclusive section of Germantown fled from their homes, and for a time great excitement prevailed.

An unknown white man, apparently about forty years of age, committed suicide at Lynchburg yesterday by jumping into the James river from the Amherst bridge. The body came to the surface 200 yards below. The suicide is a stranger and all efforts to arrive at his identity have been unavailing. His hat and umbrella, which he discarded on the bridge, appeared to have been bought in New York.

Six men were killed at South Milwaukee, last night, when a fast Chicago and Northwestern train ran into a crowd on a grade crossing near the station. All the victims were so mutilated that identification was for a time impossible. A dozen persons stood on the southbound track waiting for another train on the northbound track to pull out. The southbound train came along and killed six and injured half dozen others so severely that they were taken to hospitals with broken ribs and limbs. All of the killed and injured were factory workmen.

Rose Creter died in the Englewood Hospital at Hackensack, N. J., yesterfrom hydrophobia, which developed suddenly Monday, three months after she had been bitten by a pet dog. When she was taken to the hospital she was in agony and struggled so that she had to to be tied to a cot. All night she fought and opiates had little effect upon her. At the hospital the physicians saw she had only a short time to live. Every effort was made to relieve her suffering, but she struggled and screamed until life left her body, twelve hours after the attack began.

The board of trustees of the Catholic University of America at a meeting in Washington yesterday placed the seal of disapproval on so-called "Moderism" as a serious danger to the church. The board expressed its sentiments on this question by instructing Cardinal Gibbons, of Baltimore, chancellor of the university and president of the board of trustees, to write a letter to Pope Pius, declaring the adhesion of the university and its trustees to the important encyclical on "Modernism" recently made public at Rome. The encyclical was discussed at length, and it developed that the members of the board strongly favor the sentiments which it contained.

CHARGES AGAINST WALSH.

The trial of John R. Walsh, formerly president of the Chicago National Bank, now defunct, on charge of misuse of the funds of that instruction, formally opened in Chicago yesterday.

The government will attempt to show that Walsh took from the Chicago National Bank, the Equitable Trust Company and the Home Savings Bank $14,000,000. In his statement District Attorney Dobyns declared that Walsh obtained the ownership of various large properties without cost to himself by using the funds of the banks. He said:

"Watered stock to the probable amount of $25,000,000 or $30,000,000 was issued. Mr. Walsh, through his employes, voted the stock to himself. He then sold this stock to banks, taking the money to build up his private enterprises. All of the stock so sold by Mr. Walsh was practically valueless. It was the practice of Mr. Walsh to make loans to one of his companies and then sell the bonds of that company to the bank. These bonds were practically worthless."

The Assistant District Attorney then stated to the jury that Mr. Walsh had induced various persons to sign "accommodation" notes for the bank. "Then," said Dobyns, "he signed the names of people to notes. Checks were made out payable to the bearer and credited to the personal account of Mr. Walsh. Bonds were made out to the same "dummies" whose names were on the notes, and the credits were made to Mr. Walsh's account.

In 1903 Mr. Walsh was told by the bank examiner that the Chicago National Bank was being loaded with the securities of Mr. Walsh's personal enterprises. The examiner ordered him to take these securities out, and Mr. Walsh promised to do so.

"In 1904 the bank was found in the same condition; the warning was repeated, and Mr. Walsh again promised to remove the securities. Another examination showed that the bank was in a worse condition than ever, and it was then ordered closed.

"The government will show that Walsh's method was to buy from himself, fix his own price, and put the money in his pocket."

As an illustration of Walsh's alleged procedure in finance the Assistant District Attorney cited the Southern Indiana Railroad Company, reviewing its history up to the time Walsh purchased it for $175,000.

"He had issued to himself," Dobyns said, "$300,000 in bonds at the very time it was organized, and these bonds had no value. He put them into the Equitable Trust Company, selling them at par, then issuing another $100,000 of bonds and sold them at par.

"He took money from time to time from the Chicago National Bank and from the Equitable Trust Company to develop this property, depositing worthless bonds, until he had deposited with the former $300,000 and with the latter $950,000. He tried to get the bonds listed on the New York Stock Exchange but he was told to show their distribution and the matter was laid over. Later he stated that they had been distributed. They had been distributed in his own banks at his own price."

Elopements.

Cumberland, Md., Nov. 14.—This city was treated to two curosities in the way of elopements day. First came Wm. Albert Pownall, seventy-five years old, bent with age and with his snow white hair curling on his shoulders, leading as his blushing bride, twenty-year-old Bhoda Shinholts, whom he had romantically met at dead of night at the cross roads near her father's farm at Barnes Mill, Hampshire county, W. Va. Then came rolicking Leah Winkley, widow of fifty-two years, who tips the scales in her wedding gown at 390 pounds. George White, who eloped with her from Connellsville, Pa., is a widower and also is past fifty. They said they eloped, but did not tell from whom, or why.

The riding test seems likely to cause the loss of nearly 100 army officers if it is strictly enforced.

Writ of Error Dismissed.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., Nov. 14.—In the case of George Midgets, colored, convicted of murdering Charles T. Smith, in Alexandria, the Supreme Court of Appeals of Virginia has dismissed the writ of error and supersedeaus upon the grounds that the writ had been improperly awarded. As soon as the judgment is received by the Corporation Court of Alexandria. Midgets will be taken there from Fredericksburg where he is at present confined and re-sentenced to be hanged.

The Third Douma.

St. Petersburg, Nov. 14.—The third Douma opened at 11 a. m. today. The sessions are being held in the Tauride Palace. Troops fill all the streets in the vicinity of the assembly's meeting place. Only those who come on official business are allowed to enter the palace.

The Douma does not seem likely to be a very popular body. It will certainly be monarchistic in its sympathies. The radical element of the population will undoubtedly hate it for this.

The government has not dealt firmly enough with the people. The Grand Dukes regard it, however, with more favor than any of its predecessors. Unless unexpected developments occur it promises to be on excellent terms with the court.

The initial session in both houses was ushered in with divine services and the singing of the national anthem.

Nicholas Homakioff, a distinguished Octoberist, was elected President of the Douma. The selection was a general surprise, though Homakioff is acceptable to the court party, which was expected to be the choice of a President.

Berlin, Nov. 14.—The third Russian Douma stands small chances of completing its work without an outbreak of terrorist violence in St. Petersburg.

Despite all police precautions the "reds" succeeded in scattering handbills broadcast throughout the city last night announcing their intention to blow up the assembly. Russian terrorists are not in the habit of making empty threats, and no spot in the empire has ever been more closely guarded than is the Tauride Palace today.

The new Douma is regarded as a mere tool in the court party's hands. It was packed with monarchists, the radicals say, by government manipulation of election.

The legislators were guarded to the Tauride Palace, their meeting place. Hisses and threats greeted them as they appeared on the streets. There would undoubtedly have been violence but for the overwhelming display of military force.

Of the 442 members of the Douma two are Jews, 20 Poles, ten Armenians, ten Musselmans and the rest orthodox Russians. Eighty per cent. of the entire body are conservatives, including 15 per cent. of members of the union of Russian people, the court's favorite reactionary organization.

The Trial of John R. Walsh.

Chicago, Nov. 14.—The Attorneys for John R. Walsh, millionaire banker, now on trial, make the declaration that "he did nothing but what every big banker in the country is doing at all times, and he was picked out for a mark because his rivals want to get the business he has controlled for years."

They accuse those who, they say, inspired his exposure and prosecution with having obtained as much of his holding as they could under an understanding that he would not be prosecuted.

They say the bank examiners knew of his methods for three years before their final action was taken, and that it would not have been taken but for the concerted demands of rival money kings.

Walsh was forced into liquidation when at the height of his power. By suddenly compelling him to reveal his transactions, his financial enemies put him in a position where the examiners had no alternative but to close his banks.

It was disclosed today that before his enforced retirement Walsh was required to give other banks his coal lands, stone quarries, stocks and bonds, and gas and electric company until out of a fortune of $50,000,000 he only has $20,000,000 left.

He was also made to sign promisory notes during five years for $7,500,000. The notes are secured by his railroad holdings in southern Indiana. If the notes are not paid on maturity his railroads will be seized.

His attorneys claim persons high in financial affairs who will profit by Walsh's inability to sell the railroads, thus far, have prevented him disposing of them.

Invitation Declined.

Cleveland, O., Nov. 14.—Mayor Tom L. Johnson, has refused to attend the big Bryan dinner at Washington, likewise the Commercial Club dinner at Kansas City. With the announcement of these declinations Mayor Johnson, through his private secretary, gave out a formal announcement that he would not be a candidate for President, but would support W. J. Bryan.

James J. Hill, President of the Great Northern, has also declined an invitation to the Kansas City dinner. His refusal to attend is believed to be due to the invitation extended to Mayor Johnson and the fact that he differs radically from the mayor on the problem of corporations and their relations to the public.

Blast Furnace Closes.

Zanesville, O., Nov. 14.—The local blast furnace of the Carnegie Steel Company closed today for an indefinite period. The men in the office profess to be at a loss to explain the shut down as they heard nothing more from headquarters than the order to close. The plant employes 125 men and there is no similar plant in the city.

Mrs. Bradley's Trial.

Washington, D. C., Nov. 14.—The trial of Mrs. Bradley for the killing in this city last December of former Senator Brown, of Utah, was resumed this morning, and the work of completing the jury was continued. Mrs. Bradley looked cheerful, and displayed an air of confidence in the result. At 11:20 a. m. the jury box was filled. The jurors were accepted by both sides and sworn in:

The jury is as follows: James L. Feeney, publisher; William E Reiss, brickmaker; Adam J. Smith, colored, undertaker; Daniel M. Newman, grocer; John Sweeney, painter; Julius E. Prigg, bookkeeper; Julius Viddt, watchmaker; Joseph C. Hartley, coffee merchant; James L. Whiteside, builder; Wm. H. Rupertus, paper hanger; Samuel R. Garber, grocery clerk; Alexander M. Cole, grocer. All are married except Smith, who is the only colored man on the jury.

Following the swearing in of the jury, Assistant District Attorney Turner read the typewritten manuscript of the government's opening statement of the case.

After describing the shooting, he said: "The government expects to show that a week before the shooting Mrs. Bradley went to Brown's office in Salt Lake City, with a revolver, and announced that she would kill him. Days before that she had sought him at his home for this purpose. Subsequently she came to Washington, where she succeeded. We propose to show that this shooting was deliberate and premeditated and the verdict should be returned according to the indictment—murder in the first degree."

The examination of witnesses was at once proceeded with.

Miss Josephine Kidwell, chambermaid at the Ralegh, testified to Mrs. Bradley entering Brown's room and asking about him. She told of hearing the shots later, and Brown's calls for help immediately afterward.

As the details of the shooting were gone over Mrs Brown burst into sobs.

Edward A Parker, colored, bell man of the hotel, went over the scene carefully, pointing out Mrs. Bradley as the woman that stood at Brown's feet, when he entered the room.

Just before the luncheon recess, T. J. Talty manager of the hotel, took the stand and recounted his story of finding Brown and Mrs. Bradley in the room immediately after the shooting. He said: "I found Mr. Brown lying outstretched on the floor, with his right arm in a pool of blood. I asked who had done the shooting, and he pointed out Mrs. Bradley. He then asked me to send for his associate, Mr. Gunn, saying: 'Just say it was Mrs. Bradley. He'll know. She's caused me trouble all my life.'

"I then turned to Mrs. Bradley, and asked her if she were Brown's wife. She said: 'No, but I am the mother of two of his children.' Brown did not deny this."

Sharp tilting between Attorney Turner and Attorney Hoover resulted from the defense's cross examination of Talty.

"Mrs. Bradley had an expression of extreme pity, slightly mixed with a tinge of vengeance," said Talty, describing her appearance after the shooting.

A recess was then taken.

The Thaw Case.

New York, Nov. 14.—Harry K. Thaw is reported much dissatisfied at the prospect of further delay in his case. His new chief counsel, Martin W. Littleton, refused to take charge of the defense, however, until it was distinctly understood that he was to control it absolutely, and he insists now on handling matters regardless of the prisoner's wishes.

Another lunacy commission, it is pretty certain, will be appointed soon to report on Thaw's condition, and Littleton, as well as District Attorney Jerome, wants time to examine the testimony on which was based the report of a similar commission at the last trial.

This will involve some loss of time. December 2, was, indeed, fixed by Justice Dowling, as the date for beginning the second hearing, but the indications now are that it will not start until several weeks later. Littleton and Jerome discussed the matter yesterday and are said to be practically agreed.

The coming investigation will decide whether the Thaw trial is to go on or whether the young Pittsburger must be sent to Matteawan. He has improved so much, both mentally and physically, during his stay in jail, that his lawyers are said to be sure he will be declared sane. They will contend, however, that he was crazy when he killed Stanford White.

Another thing Littleton is expected to seek is a change of venue. It will be argued that the publication of the details of the first trial will make it almost impossible to secure an impartial jury in New York city.

Secretary Cortelyou's Speech.

New York, Nov. 14.—For the first time since he became Secretary of the Treasury, George B. Cortelyou, this afternoon, before the Merchants' Association of New York, at the celebration of its tenth anniversary, discussed publicly the financial problems of the country. He devoted particular attention to the recent money crisis. The secretary reviewed present conditions, spoke optimistically of the return of confidence and made suggestions looking toward concerted action on the part of all classes to retain the confidence which he assured his hearers was at hand.

Two Thousand Men Furloughed.

Cincinnati, O., Nov. 14.—Because of the tightness of the money market, the National Cash Register Company, of Dayton, O., biggest plant of its kind in the world, has laid off 2,000 of its 4,000 employes. The management declares this is due to the fact that they are unable to secure sufficient money to meet the pay rolls. The men are laid off for two weeks. As soon as the stringency is over they will be given their places back.

YOUR HAT.

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style" but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of Dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Caldwell Threatened with Trouble.

London, Nov. 14.—Robert Caldwell, of New York, had better made good his story that he engineered a bogus funeral years ago for Thomas Charles Druce to enable the latter to drop out of sight as a London tradesman and figure exclusively as the Duke of Portland. If he fails Caldwell is threatened with trouble on his own account with the English law. Lord Howard de Waldeck's emissaries have scoured London, Berlin and Manhattan for evidence to disprove Caldwell's testimony. His lawyers say they have enough of it to prove that Caldwell swore falsely, that there is nothing to prove that the Duke of Portland and Druce were identical, and that George Hollamby Druce, the London tradesman's descendant has consequently no claim to the Duke of Portland's $2,500,000 estate. Caldwell himself sticks in his story and says he has not the least fear that anything that DeWaleck's lawyers can do will place him in a position where he can be reached on a purjury charge.

To Aid American Bankers.

Paris, Nov. 14.—The Bank of France may, after all, according to Bourse reports today, loan $15,000,000 or $20,000,000, to American bankers direct. That an advance would be made was practically settled yesterday. It appeared, however, that the money would reach the United States through roundabout channels and that there would be considerable delay. The Bank of France officials are understood here to have supplemented their negotiations with the representatives of New York bankers by an exchange of notes with American government officials, as a result of which those formalities will probably be eliminated and the money shipped at once. The directors are considering the matter. They have refused thus far to issue a statement, but did not deny the report which is consequently generally accepted here as correct.

VIRGINIA METHODISTS.

The Virginia Conference of the Methodist Episcopal Church South convened in its 125th annual session in Washington Street Methodist Church in Petersburg yesterday. Bishop C. B. Galloway, of Mississippi, presiding. Rev. S. S. Lambeth was elected secretary, and Rev. B. F. Lipscomb and Rev. G. F. Green first secretaries.

A resolution signed by Rev James Cannon, jr., was passed to the effect that the committee on temperance appointed by the conference be composed of members of the conference who are officers of the Anti-Saloon League.

The conference was addressed by Dr. E. F. Cook, secretary of the board of missions, and Rev. W. F. Tillett, D.D., dean of the Vanderbilt University, of Nashville, Tenn. The opening sermon before the conference was preached last night by Rev. S. S. Lambeth.

LETTER TO ALBERT AITCHESON

Alexandria, Virginia.

Dear Sir: One of the ways to get rich is to make a quarter look like thirty cents.

There's a better: make it thirty cents. It has this advantage; one keeps out of jail.

There are 200 paint-manufacturers making quarters look like 30 40 50 60 cents and all the odd cents between. That is, their "pain ts" profess to be paints; and they are, in about the proportions named; they get 30 to 60 cents for a quarter's worth; same not 75.

There's a better way to paint: Devoe. There are eight honest points. By "honest," we mean not adulterated and full-measure. These honest ones differ: no two are alike. In one, the quarter is worth 27 or 28 cents; in another, 30 cents; there must be a best one in eight; it is the one that takes least gallons to cover a job—Devoe.

To cover; that seems a lightway to speak of a paint. No, it isn't. That is what paint is for: to cover. It means to hide and protect. The paint that goes furthest is best, wears longest. So far is all; and Devoe is go-far paint.

Yours truly,
F W DEVOE & Co.

New York, Nov. 14.—11 a. m.—The Bank of England statement was a favorable surprise in its showing and had enough influence on the market to cause fractional gains. But, before many minutes passed, arbitrage brokers started selling for London account and there was a resumption of forced liquidation that started a downward movement on which losses ranging from fractions to over 2 points were sustained.

ALEXANDRIANS IN RICHMOND.

Congressman-elect Charles C. Carlin and Commonwealth's Attorney Samuel G. Brent, of Alexandria, have been in the city for several days on legal business. Both left for their homes Tuesday afternoon. Mr. Carlin was highly gratified at his triumphant election to Congress, and declared that the Eighth District people were the finest on earth. Mr. Brent was asked about the famous gambling ark in the Potomac river, against which, with the assistance of Governors Swanson and Warfield, he recently made such a strenuous battle. He declared that the ark had abandoned operations and disappeared from view. "This ark was a miserable den of iniquity," said Mr. Brent, "and our people feel greatly relieved that it has been put out of business. Governor Warfield came promptly to our rescue upon Governor Swanson's request, and it was not necessary to take any very drastic steps. The culprits got wind of what was coming and abandoned the ark, and we hope and believe this will be the end of the whole business."—[Richmond Times Dispatch.

WEDDING AT DELAPLANE.

A quiet wedding took place at Delaplane Tuesday when Mrs. Lillian Lynn Robertson was married to Mr. S. Williamson McCarty. The ceremony took place at Pleasant Vale Church, Rev. Mr. Lusby officiating. The bride was attended by Miss Clara Stover, of Broad Run. The best man was Mr. J. B. McCarty, brother of the groom. The ushers were Messrs. A. Mason McCarty and Evard McCarty, of Delaplane. The church was tastefully decorated with evergreens and autumn leaves. The wedding music was played by Miss Hope Summers. Mrs. Robertson was attired in a traveling gown of dark blue broadcloth, and carried the conventional prayer book. Miss Stover wore a gown of cream cloth, with large black hat and carried yellow chrysanthemums. The bride and groom left on the evening train for a trip South, after which they will be at home near Delaplane.

SITE FOR NEW SCHOOL.

The Washington District Citizens' Association of Alexandria county met at Cherrydale Tuesday evening, C. C. Donaldson, presiding. The question of a site for a new school building for Cherrydale was brought before the association by the school site and location committee, Messrs. Mackey, Harrison and Donaldson. Addresses were made in favor of a location on Dominion Heights fronting the Georgetown and Fairfax county road, by Commonwealth Attorney Crandal Mackey, S. H. Taggart and Superintendent J. E. Clements, and a resolution was adopted to request the school trustees to approve the site.

ABOLISHING RIVER ROUTES.

The mail route on the Potomac to Fort Washington, Marshall Hall, Glymont and Indian Head, Md., will be discontinued after Saturday next under orders of the Postoffice Department, and the Washington and Potomac Steamboat Company will withdraw the steamer Estelle Randall.

The postal mail route authorities are, it is stated, abolishing the use of steamboats as mail carriers wherever it can be done. The carrying of mail by steamers of the Norfolk and Washington line to Fort Monroe and Norfolk, will it is understood, be discontinued in the near future.

CONCERT.

Among the singers who will be heard at the concert in St. Paul's Parish Hall next Tuesday evening will be Mr. Taylor, the bass soloist at St. John's Choir, Georgetown. This will be Mr. Taylor's first appearance in Alexandria. Another singer will be the well-known tenor, Mr. Will C. Mills, soloist at the New York Avenue Presbyterian Church, Washington. His selection will be "Celeste Aida" from Verdi's opera "Aida." Mr. J. Harris Franklin, formerly of this city will also sing. His many friends will be glad of this opportunity to again hear him.

MR. BRYAN'S LECTURE.

From present indications a large audience will greet Mr. W. J. Bryan when he delivers his lecture in the Opera House in this city on Friday night, the 23d instant. Most of the reserved seats have already been sold. The proceeds of the lecture will be applied to the work to be conducted in the George R. Hill Memorial Hall adjoining the M. E. Church South. Mr. Bryan will lecture on "The Old World and its Ways," and his impressions of foreign countries will prove very interesting.

The weather was cold last night and ice formed. The mercury in the thermometer at 7 o'clock this morning stood at 28.

MOUNT VERNON ASSOCIATION

As stated in the Gazette of that day a meeting of the executive committee of the Mount Vernon Avenue Association was held at the office of its president, Mr. M. B. Harlow, in this city, yesterday evening. Besides the election of Mr. R. T. Greene as attorney to press the claim of the association before Congress, questions concerning the right of way for the proposed avenue from Washington to Mount Vernon were discussed. It was resolved that at the next terms of the Circuit Court for Alexandria and Fairfax counties, a request should be presented by a committee to be appointed by Mr. Harlow for the appointment of commissioners to ascertain what property it would be necessary to condemn in order to extend the thoroughfare along the course mapped out from the government reservation at Arlington to Mount Vernon. It is provided in the charter of the association that the commissioners appointed by the court shall take into consideration the benefits, as well as the damages, that will follow to property from the construction of the highway. It was also decided that Mr. Harlow appoint a committee of three to act with the Representative in Congress from this district and the Virginia Senators and call upon President Roosevelt with the view of securing his endorsement of the avenue project.

THE MERRY COBBLER.

The Opera House last night was the scene of a gathering of one of the largest crowds that ever witnessed an amateur performance in the city of Alexandria. The occasion was the second performance of the Merry Cobbler by the Dramatic Club of the local lodge Elks. That the performance was a success in every particular is speaking too mildly. The different characters were portrayed in a manner that not only pleased but surprised those who witnessed the drama. The orchestra under the leadership of Prof. Carlton Padgett was far above the average and reflects much credit upon the players. The staging of the drama was under the efficient direction of Mr. R. D. Montier, who worked for the perfection of every part.

MUSICAL CLUB.

The Ideal Musical Club of this city met last night at the residence of Mr. W. W. Wellington on south Fairfax street and resumed rehearsals for the season of 1907-08. After transacting considerable business of a routine nature the following were elected to handle the affairs of the organization: Director, W. W. Wellington; assistant director, B. A. Lawson; business manager and treasurer, M. K. Hammill. This is the fifth season of the club, having been organized December 28th, 1903, and the prospects are that it will be the most successful one of its existence, having added several new members and is in excellent shape for the winter.

THE GERMAN CLUB.

The Alexandria German Club which recently re-organized for the season of 1907-08 have decided upon November 29th as the date of their Thanksgiving german, December 20th as the date of their Christmas german, and December 31st as the date of their New Year german. It is the intention of the committee having the arrangements for these germans in charge to make the present season as popular and successful as those given in the past.

DREDGING FOR GRAVEL.

The Potomac Dredging Company, of Washington, is reported to have recently purchased the Moxley Point fishing shore on the south side of Piscataway creek, and two sand and gravel digging machines are working on it for sand and gravel. The gravel bed found at Moxley Point is said to be about twenty feet deep and of superior quality, and a fine grade of sand is also being found there.

CHARTER.

The Corporation Commission has granted a charter to the San Carlos Land and Fruit Company, (Inc.), Alexandria. E. S. York, president; S. W. Mellott, vice president; W. M. Beatty, secretary—all of Washington, D. C. Capital, $2,500. Objects: Real estate and fruit growing business.

[COMMUNICATED.

In last Saturday's Gazette a writer says that in Alexandria the boys' license seems to be unlimited and that they do as they please without interference and with no regard to the rights of others and suggests that all this could be remedied by the arrest and proper punishment of a single offender. He closes with the mournful question, "But who will bell the cat?" Evidently he thinks it rather too hard to undertake and leaves it to someone else. Now the writer of this, knowing the situation and not afraid to suggest the remedy, would, had he the power, put the right men in the right places; i. e., have a policeman, in his gorgeous uniform, to be at the northwest corner of Washington and Wolfe streets when the hours of dismissing come and follow up the crowd until they divide and disperse. If possible there should be another on the southeast corner of St. Asaph and Wolfe for the same purpose. Turn over all offenders to the Police Court, and it will do the rest. Of course, the same should be done at the colored school.

RICH WOMAN STARVES.

Having died of starvation, though possessing ample means, Mrs. Carolina Barry, eighty-six years old, reputed to be a miser, was found yesterday on the floor of her home in Brooklyn, where she lived like a hermit.

Not a scrap of food was found in the house. The cupboard was bare, not even a crust of bread being left, while the woman's body showed that she had not eaten for days.

On a bare deal table were a hundred or more deeds, documents and papers, said to represent property of immense value. It was evident that Mrs. Barry had been gloating over her treasures, when she fell unconscious, through lack of nourishment. The coroner declared death due to starvation.

The condition of the house astonished those who entered. Scores of costly oil paintings, part of the valuable collection left by her husband, who made a great fortune before his death, a score of years ago, stood in rows on the floor. The windows were curtainless, and the coal bin was bare. The woman even slept on a bare mattress. There were no carpets on the floor.

In her earlier years Mrs. Barry was one of the beauties of Brooklyn. From her husband she inherited large wealth, but was robbed of $100,000 by a lawyer.

Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and catartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, helping the system to do its work naturally.—MRS. ROSA POTTS, Birmingham, Ala. These tablets are for sale by Gibson & Timberman and W. F. Creighton & Co.

A Significant Prayer.

DISCHARGING MEN.

Large reductions in working forces in many industries in Chicago have been made within the last few days, owing directly to business depression. Several hundred men were laid off Monday in various woodworking establishments. The total number will reached 8,000. In addition to the concerns who have reduced their force their are several which are running short time in an effort to maintain their forces. Nearly 1,000 machinists in Chicago are idle, and railroads west of Chicago have laid off an aggregate of 25,000 men employed in construction work, maintenance of way and in the mechanical departments.

It is announced that since September 1 the Harlan & Hollingsworth Corporation Ship and Car Building Works, in Wilmington, Del., owned by Charles M. Schwab and his interests, has discharged 1 900 workmen. The plant has 400 men at work. The payroll has accordingly been reduced from about $23,000 a week to $5,000. This is the largest establishment in Wilmington.

The other Wilmington manufactories including the shops of the Pennsylvania Railroad, have also discharged many workmen. It is estimated that within the last couple of months the number of men dropped has been 4,000.
